

BEXLEY CITY SCHOOLS

348 South Cassingham Road
Bexley, OH 43209

Bexley High School & Bexley Middle School Bexley City School District

A community of learners becoming productive global citizens and leaders

Project Type: Capital Planning, Equipment Replacement,
Scheduled Maintenance, System Repair

CHALLENGES:

The Bexley City School District had aging facility infrastructure and were facing increasing costs to repair their equipment. With looming capital expenditures and a tight budget, Bexley looked to Perfection for assistance.

SOLUTION:

Perfection was able to provide an increased scheduled maintenance program for the district to keep the equipment running efficiently. This program included an Asset Condition Report delivered to the district regarding the condition of their equipment.

Perfection replaced the chiller during the initial project and also developed and implemented a long range capital plan to upgrade HVAC equipment and keep things running effectively while making it affordable for the district.

 Chiller Replacement
