FEATURES:

As a proud member of the Jefferson Patterson Society, Perfection Group is committed to ensuring this nearly 100-year-old landmark continues to operate at the high standards its legacy demands.

- Customized Preventive Maintenance Program
 - Tailored to meet the standards of labs and advanced manufacturing environments.
 - Focused on protecting artwork through energy efficiency, reducing equipment downtime, and minimizing leak risks.
 - Continued monitoring and precise environmental control.
 - Support for hundreds of mechanical systems and components throughout the museum.
 - This approach helped preserve the historic building and the legacy and priceless collections it safeguards.
